

# 3/8" Threaded Inline Performance Curve - 1.6kW

Temperature

Inlet Pressure

**Notes:**

- Temperatures are measured by 3/16" "K" T/C sensor Part #039272 mounted in the center of a standard 3/8" FNPT Class 150 Pipe Tee with a Swagelok 3/16" TC fitting. (Uninsulated)
- Minimum airflow for accurate control is 60 SCFH
- Maximum air temperature is 1200°F (650°C) as described. (Operating above this will void warranty)
